&
FÖRENINGEN EKONOMERNA

We want to start by congratulating you for being admitted to Stockholm Business School at Stockholm University.

As a new student, we’re inviting you to participate in Fadderiet Spring Semester 2022. It’s an introduction program, organized by Föreningen Ekonomer, The Business Association at Stockholm University, which aims to give you the best possible start at Stockholm Business School. This is an amazing opportunity for you to make friends, establish business and university related contacts and get introduced to the student life in Stockholm and at the Business Association - Föreningen Ekonomeran.

You are now reading the Micronomist Compass, a booklet that aims to help you navigate the university jungle. It will provide you with all the information you need before starting university and what things to expect during Fadderiet. The spring semester of 2022 is finally here and we would like to give you a warm welcome to what we hope will become the best time of your life!

Keep yourself updated with all the fun in the Association!

Föreningen Ekonomerna and Fadderiet will be working in line with the recommendations from the authorities’ as well as with Stockholm University’s guidelines. The most up to date information about the university’s guidelines and recommendations can be found at the following website: [https://www.su.se/english/coronavirus](https://www.su.se/english/coronavirus).

We encourage everybody to stay up to date with the information published on this page, as well as with updates from the Public Health Agency of Sweden (Folkhälsomyndigheten)

Some of the current recommendations published by the Public Health Agency of Sweden to keep yourself and others safe are as follows:

- Stay at home if you are feeling sick, or have any symptoms.
- Be aware of Covid-19 symptoms, if you have any symptoms, order a test.
- Use rubbing alcohol if you are not able to wash your hands.
- Avoid touching your mouth, nose and eyes.
- Avoid public transportation if possible.
- Wash your hands frequently, especially when leaving or entering new places.
- If you are fully vaccinated, you are still supposed to follow the restrictions.
How Fadderiet is Affected by COVID-19

In order to follow the recommendations and to keep everybody involved in the welcoming weeks safe, Fadderiet will be structured differently in comparison to previous years. During this Fadderi there will be different plans according to the current restrictions, Plan A and Plan B. These two plans are related to the levels for the abolition of restrictions from Folkhälsomyndigheten.

**Plan A:** No limits of how many people that can gather.

**Plan B:** 50 people for private events, this plan follows the restrictions that were made official 21/12.

Information about this and which plan we will proceed with will be communicated to you through your team's facebook group. We will always go with the plan that follows the current recommendations and will evaluate before every event.

Like the entirety of Fadderiet, all events are optional and students who are not comfortable attending events can still partake in the online events. Furthermore, people who are sick should not attend any event and should refrain from doing so until they have been symptom free for at least 48 hours. In spite of the situation, we want to enforce that everybody involved with making Fadderiet happen this year is planning on having an amazing time! New students should be able to meet new friends and their buddies in a safe way and ultimately make memories to last a lifetime. We can't wait to meet you, regardless of which plan it will be, and are looking forward to having a great start of the semester with all of you!

**COVID-PASS**

For some of the events, you will need proof of vaccination in order to participate. We strongly recommend that you follow the authorities recommendations and get vaccinated if you are able to. We can not guarantee entry to certain events without proof of vaccination because we have to comply with rules set by different venues.
CHAPTER I - CAMPUS

New Campus Albano

In 2015, the construction of the new Albano campus began. The ambition with the Albano campus is to gather activities within one university area in close proximity to both Stockholm University and KTH. The area is emerging in the national city park between Roslagsbanan's railway and Roslagsvägen, at the height of Kräftriket.

During the fall semester 2021 the business department moved into Campus Albanos (house 2) new premises and it's here you'll have most of your lessons. The campus is an excellent place to meet and hang out with friends while studying. Albano provides around 1000 study places, group rooms that can be booked in advance and a delicious chocolate cake at cafe Proviant...

Transpport to Campus

The bus stop is called "Albano".

From Odenplan:
Bus 50 towards Stora Lappkärsberget.

From Tekniska Högskolan:
Bus 676 towards Norrtälje or bus 670 towards Vaxholm.

From Universitetet:
Bus 50 towards Hornsberg or 676, 670 towards Stockholm. You can also walk from the metro station to campus.

Literature

Except from buying your literature from various bookstores you are also able to find your course litterature second hand. The discussion forum for business students is a frequently used facebook group where business students at Stockholm university buy and sell their literature.

The buddies will help you and answer any question you might have while also making sure you receive all essential information about fadderiet.

It’s been two very long years where many good things in life have been put on hold. Many of us can remember the times where you could spontaneously book tickets to festivals and concerts, with the only concern being: “WILL I GET A TICKET?”

The time has finally come for the silence to seize… It’s an honor to present Fadderiet SS22 - The Return Of The Festival!

Bring out your bucket hats, those worn out shoes that you sacrifice to the muddy festival grounds, and your favorite sunglasses!

Prepare yourselves for good music and great company, and make sure to show us what music genre is the best at our festival.

A sittning is a student dinner event full of traditions where the students dress up in costumes or formal wear depending on the theme. The dinner is usually a three course meal accompanied with beer/wine, snaps and punsch. There are rules to follow, songs to sing, competitions and gyckel (performances) to enjoy. When the dinner is finished it is time to start the after-party!

### RULES

You will be guided through the night by your Toastmasters. There is a 3-second rule which states that you have to be silent within exactly 3 seconds from when the Toastmaster starts speaking, 5 seconds if you are hitting it off with your dinner companion! It is important to be respectful and pay attention.

There will be two breaks during the dinner and this is the only time you are allowed to leave the table. If you feel there is a need to liven up the party you can shout “Åååå(ooohhh)...Tempo!” while hammering your hands against the table and the Toastmaster will stand up and proceed with perhaps another drinking song. You can use the same act for Bordsskål, which is to shout “Åååå(ooohhh)...Bordsskål!” after which you toast with your table.

A gyckel is when a group of people perform, often by singing and dancing to entertain the audience.

### SONGS

Every sittning starts with Porthos Visa, the other songs will vary from event to event, but you end your shot of snaps with the song “Gräv ur Tundran”. At the end of this song it is important that you crush your shot glass (don’t worry though, it is made out of plastic).

During the dessert the drink “punsch” will be carried into the hall. This is, however, not something that you receive for free as you have to sing and sway your body to receive it. The song that you sing to get your punsch is simply called “Punschen Kommer!” (The Punsch is Coming).

Every event is then ended by the song “O gamla klang och julbeltid”. Once the sittning is over it is important to leave the table as soon as possible. You may then head for the bar, if you are in need of further refreshments.

*Don’t worry if you don’t know the songs. You will be able to buy a songbook before the event!*

### DRESSCODE

The dresscode varies depending on the type of sittning. The tradition from most Swedish Universities is to wear an overall or formal wear depending on where you study. In Föreningen Ekonomerna today it is PrU who wears the overall. Everyone else dresses in formal wear.

For the finsittning you should come properly dressed - suits for the gentlemen and cocktail dresses for the ladies. At Fulsittningen all students should wear a costume representing the groups theme.
We hope that you are as excited as we are. If you have any questions, don’t hesitate to contact someone in the project group or one of your amazing buddies. We are all here for you and will answer any questions you might have about faddereit or your first days at university.

A tip is to attend as many events as you can, especially in the beginning of Fadderiet in order to see what the association has to offer and make friends quickly. The rumor that Stockholm does not have a student life - is a myth!

Ask us, we know that for sure!

May the best team win and may the odds be ever in your favor.
Föreningen Ekonomerna, the Business Association, is a student organization that consists of the Board, committees and independent projects and is run by the active members. We create countless opportunities for professional and individual growth together with other business students. Community, Professionalism and Drive are our three key values. "Empowering business and economics students to solve the challenges of tomorrow"

We believe in the importance of providing students with the opportunity to meet and get inspired by potential employers and professionals from the corporate world, at any point in their education. Therefore, we created Ekonomernas Dagar, one of the largest career fairs for business and economics students in Sweden, which is also the biggest independent project organised by Föreningen Ekonomerna.

How does Ekonomernas Dagar look like?

It is a package is an experience for both students and companies and is composed of: The pre-events, The Fair, The Banquet. The project takes the shape of preparational and inspiring pre-events leading up to the main event: a career fair and conference designed both for bachelor and master students, with a wide range of companies from all the fields of business administration and economics. In 2022, students will have the chance to take part in conference styled, thematic presentations of numerous companies, before and after which they will be able to explore the fair, mingle with company representatives and expand their knowledge and network at the same time. Regardless of what you study, which business field you are most interested in (or if you don’t know it yet) Ekonomernas Dagar is the perfect place for you to be! Through this project, numerous students managed to land an internship or even a job, built valuable relationships and received relevant guidance.

In 2022, Ekonomernas dagar will take place on 30-31 of March, but will also be held during the fall semester. For more, detailed information visit our website: www.ekonomernasdagar.com or follow us on our social media channels.
